Montana Public Library Annual Statistical Report Form	41

INTRODUCTION

This report is a compilation of data collected from Montana public libraries for the fiscal year July 01, 1996 through June 30, 1997. Included are statistics reported by the libraries as well as library personnel, and technology/ automation. Due to the lateness of this statistical report and some unforeseen situations, this report will not include any per capita computations, charts, federation analyses and/or graphs. However, this information will be included in the 97-98 statistical report.

The 81 main public libraries in the state have been assigned to one of seven groups based on the service area population (not the city population). Service area population is the number of people in the geographical area for which a public library has been established to offer services and from which the library derives income, plus any areas served under contract. The service area population of each group, (Over 25,000; 10,001- 24,999; 5,001-10,000; 3,501-5,000; 2,001-3,500; 1,201-2,000; 1,200 & Under), is an attempt to organize libraries into the most homogeneous groups possible for purposes of comparison. The population estimate of 1994 was used to calculate service area populations.

The Montana State Library sends a statistical report form to all the 81 public libraries and the basic questions asked of libraries are those designed for the Federal/State Cooperative System (FSCS). FSCS, part of the U.S. Department of Education, is developing and compiling standardized national public library statistics. All 50 states and some of the territorial states are participating in this process.

The Montana State Library stresses the need for timely and accurate statistical data from each of the participating public libraries. Except in cases where data supplied were illogical or when there appeared to be typographical errors, the data presented in this publication are as reported by the 81 public libraries. This report will be of use to those public librarians, library trustees, and federation headquarters working on budgets or researching specific library-related topics.

Please note: Montana has four public libraries that are school/public libraries. These libraries are housed in the school facility and are shared with the community. The statistical information for the school/ public libraries includes a combination of the school and public library budgets, services and other data information. The school/public libraries in Montana are: Joliet Community Library, Joliet; Roundup Community Library, Roundup; Broadwater School & Community Library, Townsend; and Petroleum County Public Library, Winnett. In the General Information Summary Table 1 Stevensville is using family cards for the number indicated in Registered Borrows. Also, in the Library Services Summary Table 1B the Annual Juvenile Circulation for Stevensville are the pre-readers only.

Comments and questions are welcome concerning any segment of this publication.

DEFINITIONS AND ACRONYMS

These definitions and acronyms are for variables included in the statistics listings for tables and other wording in this publication. The definitions and acronyms are listed in alphabetical order.

Access to Electronic Services: These are electronic services provided either in the library or by remote access to the library. Included should be resources that are owned or leased by the library and access to remote databases and commercial services. (e.g., bibliographic and full-text databases, multi-media products)

ADA - Americans With Disabilities Act: The purpose of the Americans With Disabilities Act (ADA) is to extend civil rights to people with disabilities -- rights similar to those now available on the basis of race, color, sex, national origin, and religion through the Civil Rights Act. It prohibits discrimination on the basis of a disability in the private sector, by state and local governments, and in public accommodations and services, including transportation, provided by public and private entities. It also includes provisions for telecommunications relay services.

ALA Masters: A graduate degree in library or information science from an institution of higher education accredited by the American Library Association.

Annual Circulation Transactions: The total annual circulation of all library materials of all types, including renewals. This total is of all materials in all formats that are charged out for use outside the library.

Annual Hours Open: Total annual public service hours for all outlets combined. This is the sum of all public service hours for all library facilities (including bookmobiles) for the entire year.

Annual Juvenile Circulation: This is the annual circulation (including renewals) of cataloged and uncataloged materials (in all formats) marked as juvenile, whether they are borrowed by a juvenile, young adult, or adult, over the course of a year.

Annual Programs Presented: This is the total annual programs presented to all ages. A program or presentation is an information contact in which a staff member or a person invited by a staff member provides information to a group and is planned in advance. This does not include meetings sponsored by other groups using library meeting rooms.

Annual Salary: The annual salary paid to this position at the end of the fiscal year, exclude longevity and benefits.

Annual Users: This is the users per week times 52 weeks of the year. See Also Users Per Week.

Audio: This includes materials on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically or electronically, or both. This includes records, audiocassettes, audio cartridges, audiodiscs, audioreels, talking books, and other sound recordings.

Automated Circ System: An automated circulation system is a computerized inventory system for the library which allows the use of a scanner or bar wand to check out materials.

Benefits: Benefits outside of salaries and wages paid and accruing to employees except plant operations, security and maintenance. Includes Social Security, retirement, insurance, guaranteed disability, income protection, unemployment compensation, and workers' compensation.

Book Deposits: This includes nursing homes, jails, stores, etc.

Bookmobiles: These are trucks or vans especially equipped to carry an organized collection of library materials, operated by a paid staff member, and has regularly scheduled hours for being open to the public. Bookmobiles are also considered traveling branch libraries and can either be **Owned** by a library or the library has **Contracted** service with another library's bookmobile. Vehicles in use, not the number of stops the vehicle makes, are counted.

Books: Items which are cataloged, shelf-listed and shelved as books. Does not include pamphlets, clippings, pictures, documents, maps, telephone books, college catalogs, etc. unless they are cataloged and shelf-listed.

Branch Libraries: Branch libraries, for the purpose of this survey, are auxiliary units which have all of the following: 1) Separate quarters; 2) A permanent collection; 3) A permanent staff; and 4) A regular schedule for opening to the public. They are administered from a central unit.

BVF: Broad Valleys Federation. See also Federation.

Capital Outlay: Funds for the acquisition of or addition to fixed assets such as building sites, new buildings and building additions, new equipment (including major computer installations), initial book stock, furnishings for new or expanded buildings, and new vehicles. This excludes replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation.

CI: (legal basis code) City Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a local government system and funded by city general fund and/or mill levies.

CI/CO: (legal basis code) City/County Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a city/county government system and funded by both city/county general fund and/or mill levies.

City Income: All funds allocated by the city or library district and available for expenditure by the public library.

City Population: This is the 1992 estimated census population for the city.

CO: (legal basis code) County Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a county government system and funded by county general fund and/or mill levies.

Collection: (expenditures) This includes all expenditures for materials purchased or leased for use by the public. It includes Print Materials (Books, bound periodicals, government documents, braille materials); Current Serial Subscriptions (magazines, newspapers, annuals, proceedings and transactions of societies); Microforms (Roll microfilm, aperture cards, microfiche and excluded are current serial subscriptions); and Non-Print Materials (videos, computer software, cassettes, CD ROMS, etc.)

Collection Size: This included each physical unit held at the end of the fiscal year. A physical item is a volume, unit, or piece. A title is a publication which forms a bibliographic whole. Items which are packaged together as a unit, e.g., two compact discs, two films, or two video cassettes, and are generally checked out as a unit, should be counted as one physical unit.

Computer Hardware: (expenditures) Include systems operations software if not billed separately.

Computer Services: (expenditures) This includes fees for LaserCat Subscriptions, WLN, OCLC, Internet, Dialog, BRS, Electronic Access Fees, etc.

Cont. Educ. -- Continuing Education: (expenditures) This includes travel, registration, membership, etc.

County: This is the largest division for local government within a state of the U.S. with administrative functions differing from state to state.

County Income: All funds allocated by the county or library district and available for expenditure by the public library.

County Population: This is the 1992 estimated census population for the county.

Dedicated Access to Internet: Direct access to Internet means that the library must purchase a telecommunications connection which has been conditioned to support the transfer of electronic information at very high rates of speed. This connection must utilize appropriate hardware which facilitates the routing of information over a local area network.

Dial-up Access to Internet: Dial-up access to the Internet would be a way of accessing Internet and other associated networks via a single computer, with a modem operating at 14.4 Mbps, or faster. Such a connection uses a regular voice grade phone line and the library is capable of dialing a local phone number which establishes an electronic link between the library and the organization which provides the Internet access. Usually the library pays a specific monthly fee for service which is metered, either hourly, daily, or monthly.

Education Required Range: The educational qualifications that are required for position title. Key for education required: MLS-Masters of Library Science Degree Accreditied by ALA; MA-Master's Degree other than MLS; LSE-Library Science Endorsed Degree; BA-Bachelor's of Arts Degree; BS-Bachelor's of Science Degree; AA-Associate's of Arts Degree; AS-Associate's of Science Degree; CC-College Credits; HS-High School Diploma; and "+"-Experience.

Elec. Access/Computer Hardware: (expenditures) This includes all expenditures from the library budget associated with access to electronic materials and services. Includes the following: computer hardware and software used to support library operations, whether purchased or leased, mainframe and microcomputer, expenditures for maintenance, and expenditures for equipment used to run information service products when that expenditure cannot be separated from the price of the product. NOTE: Report only operating expenditures. Do NOT report capital expenditures for items in this category.

Elec. Format -- Electronic Format: (expenditures) This includes all expenditures for materials considered part of the collection, whether purchased or leased, such as CD-ROMs, magnetic tapes, and magnetic discs, that are designed to be processed by a computer or similar machine. Examples are U.S. Census data tapes, locally-mounted databases, serials, and reference tools. Include expenditures for equipment when the cost is inseparably bundled into the price of the information service product. Exclude operating expenditures for library system software and microcomputer software used only by the library staff.

Elec. Format -- Electronic Format Materials: (collection) This is the number of physical units such as CD-ROMs, magnetic tapes and magnetic disks that are designed to be processed by a computer. Examples are U.S. Census data tapes, locally-mounted databases, reference tools, and serials on CD-ROM, tape, or floppy disk. Excluded are bibliographic records used to manage the collection, library system software, and microcomputer software used only by the library staff.

Fed.: See Federation.

Federal Income: This includes all federal government funds (L.S.C.A.) distributed to public libraries for expenditure by the public libraries, including federal money distributed by Montana State Library. See Also L.S.C.A.

INSTRUCTIONS GENERAL INFORMATION

1. **Population of Legal Service Area** - The population of the geographical area for which a public library has been established to offer services and on behalf of which the library derives income.
2. **Current Registered Individual Borrowers** - A registered borrower is a library user who has received an identification number or card which establishes the conditions under which the user may borrow materials. **Do not report this figure unless files are purged at least every three years.**
3. **Branch Libraries** - Branch libraries, for the purposes of this survey, are auxiliary units which have all of the following: 1) Separate quarters; 2) A permanent collection; 3) A permanent staff; and 4) A regular schedule for opening to the public. They are administered from a central unit.
4. **Unstaffed Book Stations or Depositories** - Include nursing homes, jails, stores, etc.
5. **Bookmobile** - Please check one of the spaces to indicate whether the bookmobile is **Owned** by your library or your library has **Contracted** service with another library's bookmobile. Indicate the number of bookmobiles or contracts.
6. **Legal Basis Code** - The legal basis is the type of local government structure within which the library functions. **CI** - City Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a local government system and funded by city general fund and/or mill levies. **CO** - County Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a county government system and funded by county general fund and/or mill levies. **CI/CO** - City/County Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a city/county government system and funded by both city/county general fund and/or mill levies. **MJ** - Multi-jurisdictional - A library operated jointly by two or more units of local government under an intergovernmental agreement which creates a jointly appointed board or similar means of joint governance; to be distinguished from a library which contracts to serve other jurisdictions and from special library districts. **SP** - Combined School Media Center/Public Library - A library serving as both a school media center and public library which is governed, funded, and operated by one or more legally constituted administrative jurisdictions.

7. **Does this Public Library meet all the criteria of the FSCS Public Library Definition? - YES/NO** A public library is an entity that is: (1) established under state enabling laws or regulations to serve a community, district, or region, and that provides at least the following: (2) an organized collection of printed or other library materials, or a combination thereof; (3) paid staff; (4) an established schedule in which services of the staff are available to the public; (5) the facilities necessary to support such a collection, staff, and schedule; and (6) is supported in whole or in part with public funds. **NOTE:** If the library meets all of the requirements of this definition, respond by circling YES. If the library does not meet one or more of these requirements, respond by circling NO.

8. **Does your library have a collection management policy on file at the Montana State Library? YES/NO** The Montana State Library Commission now requires that any entity applying to the Commission for any grants after July 1, 1986, shall have an approved written collection management policy in place and on file at the Montana State Library. **NOTE:** If the library has policy on file at the Montana State Library, respond by circling YES. If the library does not have a policy on file at the Montana State Library, respond by circling NO.

9. **Does your library prepare an annual narrative report? YES/NO** An annual narrative report is one that is prepared every year and presented to an individual or a group, such as: library board, city and/or county commissioners, data coordinator at the Montana State Library, etc. NOTE: If the library prepares an annual narrative report, respond by circling YES -- AND send the most recent narrative report with this statistical report.

INSTRUCTIONS **PAID LIBRARY STAFF** Report figures as of the last day of the fiscal year. Include all positions funded in the library's budget whether those positions are filled or not. To ensure comparable data, 40 hours per week has been set as the measure of full-time equivalents (F.T.E.). **Indicate Full Time Equivalents (F.T.E.):** To compute F.T.E., take number of hours worked by employees in each category and divide by 40. Example: in question 10, if your library employs one person with an MLS degree for 10 hours a week and one other person with an MLS degree for 34 hours a week, the entry for question 10 would be 1.1 or 10 + 34 divided by 40. Use this formula to calculate the F.T.E. for questions 10 - 15. **Education Levels:** Questions 10 - 15 are based on the levels listed in the Voluntary Certification Manual for paid library employees, which include: librarians and other paid library staff. Also include all branch library employees, if applicable. (Library Staff Members DO NOT have to be certified to be counted) **Librarians:** Persons with the title of librarian who do paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect. Examples of librarians: director, branch librarian, assistant director, children's librarian, reference, librarians I & II, etc. **Other Paid Library Staff:** This includes all paid library staff members who do not have the title of librarian but have a position at the library. Examples of staff: library clerk, shelver, administration support, plant operations, security, maintenance staff, etc. Please be sure to include plant operations, security, and maintenance staff that are paid through the library budget.

INSTRUCTIONS LIBRARY COLLECTIONS **Library Collections** - Report for each item, physical units held at the end of the fiscal year. A physical item is a volume, unit, or piece. A title is a publication which forms a bibliographic whole. Example: The 1988 *World Book Encyclopedia* is 22 physical items and one title. Items which are packaged together as a unit, e.g., two compact discs, two films, or two video cassettes, and are generally checked out as a unit, should be counted as one physical unit.

54. Books, Bound Serials & Government Documents - This includes monographs, bound periodicals, newspapers, annuals, memoirs, proceedings, and transactions of societies, and excludes microforms.

55. Audio Materials - Included are records, audio cassettes, audio cartridges, audio discs, audio reels, talking books, and other sound recordings.

56. Electronic Format Materials - Report the number of physical units such as CD-ROMs, magnetic tapes and magnetic disks that are designed to be processed by a computer. Examples are U.S. Census data tapes, locally-mounted databases, reference tools, and serials on CD-ROM, tape, or floppy disk. Exclude bibliographic records used to manage the collection, library system software, and microcomputer software used only b the library staff.

57. Video Materials - These are materials on which pictures are recorded, with or without sound using a television receiver or monitor.

58. Other Library Materials - This category is for the materials not mentioned above. And also this material can be checked out to an individual. [Records and Paperback exchanges are not counted unless they are cataloged into the library's collection.]

60-61. Current Serial Subscriptions - This includes periodicals and newspapers in any format. Only indicate the number of subscriptions, not the individual volumes of each subscription, at your library. (This also includes donated subscriptions.) **Questions: Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.mt.gov.**

INSTRUCTIONS LIBRARY SERVICE PER TYPICAL WEEK

62. Public Service Hours Per Typical Week - A typical week is one in which the main library, branch library and/or bookmobile is open its maximum number of hours to the public.

63. Total Estimated Users Per Typical Week - Report the total number of persons entering the library for any purpose per typical week. An efficient method for counting library users is in Output Measures for Public Libraries 2nd edition, which was distributed to many Montana public libraries. Copies are available from the State Library.

64. Transactions Completed Per Typical Week - This category has been broken down into three sections: Reference, Procedural, and Directional for reasons of clarification and the ability to obtain accurate statistics.

64a. Total Reference Transactions Completed Per Typical Week - A reference transaction is an information contact which involves the knowledge, use, recommendations, interpretation or instruction in one or more information sources by a member of the library staff. Completion the transaction may require a reference interview.

64b. Total Procedural Transactions Completed Per Typical Week - A procedural transaction is a series of steps that are followed in a regular definite order and would require assistants from the library staff. Examples: showing patron how to use the card catalog, PAC system and/or other library equipment, setting up a meeting in the conference room, or instructing a patron on what hours the library is open.

64c. Total Directional Transactions Completed Per Typical Week - A directional transaction is a direct question or guidance question. Examples: "What time is story hour?", "Where are the restrooms?" and/or "How much do you charge for the copy machine?"

Questions: Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.mt.gov.

INSTRUCTIONS LIBRARY SERVICE PER FISCAL YEAR

65. Annual Public Service Hours - Total annual public service hours for all outlets combined. Report the sum of all public service hours for all library facilities (including bookmobiles) for the entire year. For bookmobiles, report only the hours in which the bookmobile is open to the public. Do not include hours for deposit collections or other similar service outlets.

66. Total Circulation Transactions - The total annual circulation of all library materials of all types, including renewals. Count all materials in all formats that are charged out for use outside the library. Interlibrary loan transactions included are only items borrowed for users. Do not include items checked out to another library.

67. Programs Presented To Groups - Include all information contacts in which a staff person or other person invited by staff provides information to a group and is planned in advance. Do not include meetings by other groups simply using library meeting rooms. Examples of programs: Family Reading Program(FRP) is one program, but if you do a different program each week involving the FRP, then each program counts as one program. The same applies to story hour. If you do a different story hour program each week, then it counts as one program. Adult Book Reading Program is one program, but if a different book is discussed every week or month, then each session is one program.

68. Total Persons Attending Programs in Question 67 - This count should include all the persons who attended programs provided by the library staff or persons invited by the staff to provide information to a group. This total should include both adults and juvenile attendance.

Questions: Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.mt.gov.

INSTRUCTIONS TECHNOLOGY/ AUTOMATION

73. Does the library have access to Internet? YES/NO Internet is the collection of networks that connect government, university and commercial agencies (e.g., NSFNET, WESTNet, etc.) and is unified by the use of a single protocol suite, TCP/IP. Report the library as providing Internet access only if one or more of the following services is accessible: telnet, gopher, file transfer protocol, or community network. Do not report a library that has access to electronic mail only. **NOTE:** If the public library has access to Internet as defined in the preceding sentences, respond by circling YES and answer question number 74. If the library does not have access to Internet, respond by circling NO, and leave question number 74 blank.

74. If the library has Internet Access, is Internet Access used by (Check One): (a) Library Staff Only; (b) Patrons through a Staff intermediary only; and (c) Patrons either directly or through a staff intermediary.

75. Does the library have a Local Area Network or LAN? YES/NO A local area network or LAN is defined as a group of computers and computing peripheral devices such as printers and CD-ROMs which are linked together for the purpose of sharing or exchanging information. Some LANs are based on the Ethernet standard while others are based on Token Ring Standards. All local area networks which will be connected to the Internet must support the TCP/IP protocols mentioned in the above definition.

76. Does the library have dedicated access to the Internet? YES/NO Direct access to Internet means that the library must purchase a telecommunications connection which has been conditioned to support the transfer of electronic information at very high rates of speed. This connection must utilize appropriate hardware which facilitates the routing of information over a local area network.

77. Does the library have dial-up access to the Internet? YES/NO Dial-up access to the Internet would be a way of accessing Internet and other associated networks via a single computer, with a modem operating at 14.4 Mbps, or faster. Such a connection uses a regular voice grade phone line and the library is capable of dialing a local phone number which establishes an electronic link between the library and the organization which provides the Internet access. Usually the library pays a specific monthly fee for service which is metered, either hourly, daily, or monthly.

78. If the library has any type of Internet connection, is the library using a world wide web browser software that displays graphics? YES/NO Examples of some world wide web browser software: Netscape Navigator, Mosaic or Web Explorer.

79. Does the library have an automated circulation system? YES/NO An automated circulation system is a computerized inventory system for the library which allows the use of a scanner or bar wand to check out materials.

80. Does the library have an automated library system with a public access catalog? YES/NO NOTE: If the library has a public access catalog, respond by circling YES and answer question number 81. If the library does not have a public access catalog, respond by circling NO, and leave question number 81 blank.

81. If YES, please provide the brand name of the automated system software. Self-Explanatory.

82. Does the library provide access to Electronic Services (e.g., bibliographic and full-text databases, multi-media products)? YES/NO These are electronic services provided either in the library or by remote access to the library. Included should be resources that are owned or leased by the library and access to remote databases and commercial services. Included are both direct patron access and staff access on behalf of patrons. DO NOT INCLUDE INTERNET ACCESS. NOTE: If the public library provides access to Electronic Services as defined above, respond by circling YES and answers question number 83, 84 & 85. If the library does not provide access to Electronic Services, respond by circling NO and do not answer questions number 83, 84 &85.

83. If YES, please name the top three Electronic Services products used in the library. See question number 82 for explanations.

84. If the library uses Electronic Services products, would the library be interested in a project that could provide statewide licensure of one or more Electronic Services Products? YES/NO NOTE: If the library is interested in a statewide licensure, respond by circling YES and answers question number 85. If the library is not interested in a statewide licensure, respond by circling NO and leave question number 85 blank.

85. If YES, what financial support could the library provide as a contribution toward such a project? Check one of the amounts.

Questions: Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.mt.gov.
